Object : 2018 Aix-Marseille technology platforms : A*Midex financing

Ladies, Gentlemen,

In support of the scientific policy of the tutelles and the site in favour of technological platforms, the A*Midex Foundation has undertaken to provide financial support to platforms with the "Plateformes technologiques Aix-Marseille" label to enable them to develop their range of services and their openness to the socio-economic and cultural world.

Following the recommendations of the steering committee of the technological platforms, the A*Midex steering committee of January 22, 2018, decided to allocate a grant to **12 Aix-Marseille technological platforms** to finance the recruitment of technical staff for a maximum period of 12 months. This experimental scheme benefits from a total budget of €400,000.
